Curriculum Highlights

Language Arts: Students are exposed to literature in varied genres. Students further develop critical reading and analysis skills. There is a focus on written expression, including expository, narrative, and argumentative writing. Students also work on grammar and usage skills.

Math: 7th Grade Mathematics includes Geometry, Measurement, Integer Operations, and Algebra. The Accelerated 7th Grade Mathematics class provides students a combined 7th/8th Grade curriculum and offers a high school level class for highly motivated students.

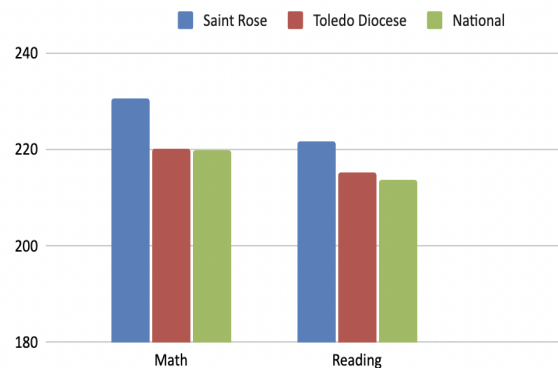

Science: This course engages students in hands-on activities, while studying the cycles and conservation of matter and energy, as well as cycles and patterns of the earth and moon.

Social Studies: Beginning with ancient Greece and Rome and then following major historical development, the 7th Grade curriculum highlights themes including increased globalization, the roots of American democracy, and economic reasons for exploration.

Religion: The 7th Grade curriculum examines the New Testament in depth, working with all four gospels to study Jesus' mission and analyze His words. This course explores the Acts of the Apostles and inspects the formative days of the Catholic Church through the trials of St. Paul.

Fall 2022 NWEA MAP Scores

Seventh Grade-Math and Reading

Students in Grades K-8 take the Measurement of Academic Performance (MAP) evaluations. Saint Rose School students score consistently higher than their peers in the Diocese of Toledo and across the United States.

7th Grade studies the Great Lakes environment at Stone Lab on Lake Erie.
