2017 Summer Camp Schedule

Make Summer Amazing!

Preschool

Princess Camp: Calling all princesses. Come dive under the sea with Ariel, paint with all the colors of the wind with Pocahontas and bippity boppity boo with Cinderella! There will be a special guest appearance and all royal children are encouraged to come each day dressed in costume while participating in fun crafts!

SuperHero Camp: Superhero training camp is about to begin. Your little Superhero will hone his/her super skills and learn how to spot a super villain, create a superhero cape and more!

Dino Dig: Allow your little explorer to come dig in the dirt and discover the wonders of dinosaurs! The little paleontologists will learn all about the massive animals that roamed the land while investigating fossils and more!

S.T.R.E.A.M.: Our preschool campers are going to hop into a time machine and travel back into the time of Jesus with a science twist! They will become engineers and build a tin foil boat to carry Noah and his animals, measure the sycamore tree that Zacchaeus climbed and create a water mural while discussing becoming Fishers of Men.

Kindergarten - Grade 4

Sports Galore: Come and enjoy the summer with us as we play games, scrimmages, team building and more! Campers will work up a sweat, develop new skills and meet new friends while playing basketball, kickball, and more!

Star Wars: In a Galaxy far, far away, the Padawans will gather to begin their Jedi training. The Padawans will use teamwork to infiltrate the Empire, create Yoda Finger Puppets and light-sabers.

Girl Power: This unique camp is designed for girls to make new friends, have fun while pampering themselves and exploring their interests. The girls will build each other up while creating secret handshakes, tie-dye shirts, paperclip bracelets and more!

3D Art: This exciting camp will explore three-dimensional art. Students will explore paper-mache, clay and other mediums all through the use of their hands.

Cheerleading: We've got spirit, yes we do! Campers will receive instruction on teamwork, chants, cheers, gymnastics maneuvers, and basic routines.

Grossology: Scientists will explore the impolite science of the human body and some of nature's slimiest creatures. Nothing is off the table at this science lab camp!

Lego: Students will fall head over heels for this camp as they participate in LEGO lessons, games and sets. The focus is on creating a fun, friendly and caring environment for our LEGO builders!

Grade 5 - Grade 8

Baking & Design: Bakers will learn how to mix the perfect icing, create beautiful shell and rosette borders, and learn fun ways to top cookies and cupcakes.

Amazing Race: Teams will “travel” around the city of Perrysburg on their bikes participating in different challenges along the way.

Lego Robotics: Future Engineers will be building and programming LEGO NXT Mindstorms and LEGO EV3 Robots. Students will learn how to make a robot move forward and backward, move to sound, turn, follow a line with the aid of a light sensor, and build a mini sumo BattleBot.

Geocaching: Geocaching camp is a fun, on-the-go experience. Students will learn GPS technology, logging findings and other outdoor skills. **Transportation is not included*

Extreme Outdoor Adventure: Let’s get out and go! This on-location camp will have campers kayaking, fishing, archery, and rock-climbing along with other team building activities. **Transportation is not included*

Go Pro: If videography is your thing, be sure to come and check out a GoPro and show us your creative side! Campers will create fun videos and be instructed on cool editing techniques for their videos.

Sculpture: Explore a variety of material to create three dimensional works of art such as fused glass, pottery, and plaster carving.

Cosmetology Jr: The Junior Cosmetologists will have fun exploring the wonderful world of hair, skin, nails and make-up.

Registration is easy!

1. Go to our website, www.saintroseonline.org
2. Click on **Our School**
3. Click on **Admissions**
4. Click on **Enrollment**
5. Fill out the online registration
6. Have *the most amazing summer ever!*
