

## **Saint Rose School Classroom iPad Policy**

Saint Rose School students in grades 6-8 will utilize their iPads in classrooms for academic and school-related purposes. In order to promote safety, attentiveness, self-control, and responsibility, teachers will direct students to the proper times that iPads may be used at school.

From the time of their arrival at school until dismissal at 3:30 p.m, students should only use the iPads with the permission of a teacher. This includes study hall periods, homeroom, lunch, dismissal, and recess.

When using their iPads, students should only be accessing the app or website that their teacher indicated. Sound should be turned off unless directed otherwise by a teacher.

All Saint Rose School technology policies are in effect for laptops, computers, iPads, and calculators, including regulations and recommendations regarding security and storage.

Infractions of this policy will result in a demerit for the first offense. The second offense will result in two demerits. A third offense will result in a detention and a conference with parents.
